

VACUUM CUTMIX VCM 200 L

Compact vacuum bowl cutter for the industry

K+G Wetter offers high-quality vacuum technology for large trade businesses and industrial use with the VCM 200. Even the compact size makes no compromises whatsoever in terms of quality and hygiene!

360° view

Automatic water dosing*

A hygienic, self-closing nozzle in the cutting chamber supplies a defined amount of water at the touch of a button. When using the CutControl recipe management software, this is even fully automated.

THE ADVANTAGES

- Hygienic nozzles in cutting chamber
- Self-closing
- Hose connection outside on knife cover, can be detached for cleaning
